

Our age-friendly commitments

OUR OVERARCHING MISSION IS:

Enabling people to live well in our communities.

Over the last 12 months, we have been collaborating as a cross-business working group to create a set of commitments focused on how we will ensure our communities are places where residents can age positively.

Development

Design and build schemes that enable our residents to live longer, healthier, happier lives.

- ✔ To consider and establish our position on specialist housing; looking at different models, levels of subsidy and specific markets.
- ✔ Ensure our developments are exemplars of age-friendly homes and communities.
- ✔ Cultivate clear design standards and specifications for age-friendly housing.

Housing

Ensure residents have the right home at the right time.

- ✔ Understand how life events could trigger changes in resident needs and explore ways we can prevent a negative impact.
- ✔ Make sure residents know their housing options and help them anticipate changes as they age.
- ✔ Better assist residents to move from one life stage to the next.
- ✔ Understand how we could flex our existing assets to make them more age-friendly.

Clarion Futures

Empower residents to shape their lives and communities, no matter what age.

- ✔ Deliver interventions across resident lifecycles and understand how these contribute to resident wellbeing.
- ✔ Recognise how housing could contribute to improved health outcomes for residents.
- ✔ Specially target a reduction in loneliness and social isolation.
